Subject: PRIA Label Amendment – To correct repackaging ingredient statement, precautionary statements and addition/revision of marketing claims.
Product Name: Dynamite 35
EPA Registration Number: 777-107
Application Date: 06/12/2015
Decision Number: 506023

Dear Ms. De Carlo,

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Page 2 of 2
EPA Reg. No. 777-107
Decision No. 506023

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Wanda Henson by phone at (703) 308-6345, or via email at henson.wanda@epa.gov

Sincerely,

A handwritten signature in black ink, appearing to read "D. Fuller", with a horizontal line extending to the right.

Demson Fuller, Product Manager 32

<< USE DIRECTIONS – Specific to the tablet >>

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Product must be used in a toilet that is flushed regularly.

To Clean / Deodorize & Sanitize:

1. Clean toilet bowl thoroughly (including under the rim).
2. Remove toilet tank top. Cut pouch open with scissors on dotted lines. **Do not touch tablet.**
3. Flush toilet. Before tank refills, (hold plastic pouch over tank) (and) drop tablet into (the right rear corner of the tank) (tank near sidewall closest to the float and away from the water valve opening) (right rear corner of the tank) (See graphic). (Discard plastic pouch) (and) Wash hands thoroughly.
4. (No removal necessary.) When tablet has dissolved, replace with a new tablet. Each tablet sanitizes for 8 weeks. (Product must be used in a toilet that is flushed regularly.)

Note: Bracketed information is denoted as: <<directive>>, {insert as noted}, (optional text), [required qualifier].
The term "this product" used throughout this document may be replaced with the marketed product brand name.

<< Optional Demonstration Language >>

To watch a simple demonstration about (attaching) (installing) (using) this product go to: {insert website}

<< Side 2 >>

Installation Instructions

Follow these 3 easy steps:

1. Lift the rubber hose (including the clip, if present) from the overflow tube.
(You may need to pull hard.)

2. Hang the Lysol® Unit onto the overflow tube as shown.

3. Attach your hose connection to the Lysol® Unit and wash hands thoroughly.
Which hose connection do you have?

<< Pictogram text >>

Metal Clip with Plastic Nozzle

Clip – attaches to rim of Lysol® Unit.
Nozzle – sits above unit as shown. (This is the same fit it had with overflow tube.)

Hose with Metal Clip

Clip – attaches to rim of Lysol® Unit.
Hose – hangs inside unit's opening.

Hose with NO Clip

Hose – insert hose right through the 'fins' in center of opening at top of Lysol® Unit.

Note: Bracketed information is denoted as: <<directive>>, {insert as noted}, (optional text), [required qualifier].
The term "this product" used throughout this document may be replaced with the marketed product brand name.
The term (x) is a placeholder that represents a number between 1 and 99.

<< PRECAUTIONARY / FIRST AID / CHEMICAL HAZARD / STORAGE & DISPOSAL INSTRUCTIONS >>

PRECAUTIONARY STATEMENTS: Hazards to Humans and Domestic Animals

KEEP OUT OF REACH OF CHILDREN

DANGER: Highly corrosive. Causes irreversible eye damage and skin burns. May be fatal if swallowed. **DO NOT TAKE INTERNALLY.** Irritating to nose and throat. Avoid breathing dust. Use with adequate ventilation. Do not get into eyes, on skin or clothing. Wear rubber gloves when handling. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

NOTE: First Aid statement may not appear in 'box' format due to label constraints.

FIRST AID	
If in Eyes	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15-20 minutes.• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.• Call a Poison Control Center or doctor for treatment advice.
If on Skin or Clothing	<ul style="list-style-type: none">• Take off contaminated clothing.• Rinse skin immediately with plenty of water for 15-20 minutes.• Call a Poison Control Center or doctor for treatment advice.
If swallowed	<ul style="list-style-type: none">• Call a Poison Control Center or doctor immediately for treatment advice.• Have person sip a glass of water if able to swallow.• Do not induce vomiting unless told to do so by the Poison Control Center or doctor.• Do not give anything by mouth to an unconscious person.
If Inhaled	<ul style="list-style-type: none">• Move person to fresh air.• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible.• Call a Poison Control Center or doctor for further treatment advice.
CONTACT NUMBER	
Questions? Comments or In case of an emergency call toll free (1-800-228-4722) (1-800-677-9218). Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.	
NOTE TO PHYSICIAN	
Probable mucosal damage may contraindicate the use of gastric lavage.	

PHYSICAL AND CHEMICAL HAZARDS:

CHEMICAL HAZARD: STRONG OXIDIZING AGENT. Keep away from heat or flame. Mix only with water.

STORAGE AND DISPOSAL:

STORAGE: Store in original container, in areas inaccessible to children, in a cool, dry, well-ventilated area. Do not store at elevated temperatures.

DISPOSAL: Non-refillable container. Do not reuse or refill this container. Discard empty container in trash or offer for recycling if available.
